Practical work is graded based on written criteria using school-prepared practical evaluation forms. The form uses a checkmark (Y/N). Each satisfied skill/application will receive a checkmark or a Y, which is then totaled and converted to a percentage. Students are graded on theoretical knowledge at the end of each course. A final examination will be given after each program. The exam will consist of two (2) parts: theory and practical. Both portions of the examination are graded according to the following scale.

A	=	100% - 90%	=	Excellent
B	=	89% - 80%	=	Good
C	=	79%-70%	=	Satisfactory
D	=	69%-60%	=	Poor

Students who scored lower than 75% are required to retake the exams. The above-stated grading scale will also be used to score all tests administered by this institution.

In the presence of the instructor, the students must utilize the time to study and train. Lunch break does not count toward the student clock hour. Each student will have the opportunity to know how many hours he/she completed and the remaining during the evaluation period which is based on scheduled hours or he/she can request the information anytime during the training.

ATTENDANCE POLICY

Students are expected to attend all scheduled classes and maintain a cumulative attendance rate of 75% or higher. To obtain permission for an excused absence, the student must obtain prior permission from the school administration before the requested absence period.

Students are required to report an absence before the beginning of their scheduled start time, or at the latest within thirty minutes of their scheduled start time. Failure to report an absence may result in suspension. If the absence is pre-excused, students do not need to call in. If a student is requesting time off and is on a probationary status in attendance, the request for time off may be denied.

An excused absence must accompany any doctor medical excuses, court appearances, social service agency appointments, etc., and be turned in to the school administrator to be placed in the student's file. Students must give one (1) week's notice for a pre-excused absence. For emergencies requiring day(s) off, please see the school administrator or administrative assistant. Students who are not in attendance for fourteen (14) consecutive calendar days without a prior leave of absence period, will be considered to have discontinued or terminated their enrollment. In this case, the student will be notified by mail or email stating that the school has not heard from the student and assumes the student has been terminated from school. At this point, it is required that the student contact the school administrator immediately so the necessary paperwork can be completed. The school is in no way responsible for supplies or personal belongings left by the student in lockers and/or stations.

Student tuition will not be refunded if the student gets terminated by the school. The student transcript will not be released upon the student/guardian's request until all fees are resolved.

LEAVE OF ABSENCE (LOA)

A Leave of Absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific period during an ongoing program when a student is not in academic attendance. Students in the following programs may request

- One (1) Leave of Absence during their course of study: Esthetics, Nail technician, Master Educator, Nail Tech Instructor, and Esthetics Instructor.
- Up to two (2) Leaves of Absence for Cosmetology students with a waiting period of at least 30 days between leaves.

Students must request a Leave of Absence in advance, in writing or digital form, stating the reason for the leave, including all required documentation (doctor's note with dates or funeral announcement) for approval by the appropriate school staff. If approved, the official Leave will extend the contract period by the same number of days designated in the leave document or used by the student, no additional charges will be assessed as a result of an approved LOA. A student granted an LOA is not considered to have withdrawn, and no refund calculation is required at this point. No re-entry fee will be charged if the student returns to class on the expected return date after the completion of the Leave of Absence.

All LOA's will be taken for a minimum of 14 days. LOA's will be granted based on medical necessity/major illness or a death in the immediate family. Leave of Absence requests may not exceed a total of 90 days in any twelve months. Upon the student's return, the student will resume the same payment period and coursework. The contract end date will be revised upon return from the LOA to extend the ending date by the applicable number of days.
